EXEMPLIFYING man's dominance over the most savage, cruel, blood-thirsty, man-killing beasts ever assembled, Clyde Beatty appears twice daily with his jungle performers at the Clyde Beatty Railroad circus.

Clyde Beatty, Famous Trainer, Heads Own Circus Here Today

Forty wild, ferocious Nubian lions and Bengal tigers, male and female, comprise the vast group of snarling, treacherous, man-eating beasts which Clyde Beatty, king of the steel arena, will face when the Clyde Beatty Trained Wild Animal Circus comes to Redwood City, today, May 24th, tents on Highway 101 and James St.

Although still a young man, Beatty is unchallenged as the greatest wild animal trainer the world has ever known. He has been bitten, clawed, and mauled by the most vicious animals on earth, but this nerveless man of slight build still defies his ferocious charges twice daily.

Once Nero, a huge Nubian black-maned lion, beat off an enraged tiger which was mauling Beatty during a performance. Strange to say, just one year later, Nero himself leaped from his perch, attacked Beatty, and sent the famous trainer to the hospital with a body ripped and shredded by claws and fangs.

Continually augmenting his startling arenic exhibition with new features and thrills, Beatty has this season added to his display King and Kitty, huge lion and tiger, which sit up on their haunches at his command and wave their big front paws to the circus crowds. He also presents the world-famous "Nigger," a Bengal tiger which rolls over and over like a kitten, then flies into a tornadic spin.

The Clyde Beatty circus embraces many additional trained animal features including Mrs. Harriett Beatty's renowned elephant-riding tiger, famous high school horses, and highly trained troupes of performing dogs, ponies, chimpanzees, and elephants.

Performances are presented twice daily at 2:30 and 8 p.m., with doors to the menagerie opening at 1:30 and 7 o'clock.

Reserved seat tickets on sale today at 10 a.m. till 5 p.m., at Sequoia Pharmacy.

R.C. Plans Memorial Day Observance

For the first time since 1941, the United States as a nation at peace will pause to pay tribute to its war dead in Memorial Day services across the nation a week from Thursday.

Redwood City's participation in the country-wide observance will be under the direction of W. A. McClure, president of the United Veterans' Council and general chairman of the day's program.

McClure said today that a meeting of the United Veterans' Council, which embraces the executives of all the veteran organizations within the city, is scheduled for Thursday night at 8 o'clock in the Veterans' Bldg. At that time, he said, final details for the day's services will be arranged.

Meantime, tentative plans call for a program which will open at 10 a.m., Memorial Day morning, in the Sequoia Theater. An unannounced speaker will deliver the major address in the theater services. By 11 a.m. the units to participate in the parade will be formed outside the theater and the line of march of the parade will be South on Main St. to the Union Cemetery. Here, other impressive ceremonies will take place, McClure said.

Participating veteran units will be the American Legion, the Veterans of Foreign Wars, the Disabled American Veterans, the Spanish War Veterans, the Daughters of Union Veterans and the Women's Relief Corps. Civic officials and members of the police and fire departments will also take part in the services, according to McClure.

Six Injured In Weekend Accidents

San Mateo Co. Monday chalked up its second weekend in succession without a single traffic fatality, critical injury or major accident reported.

One pedestrian was struck by an automobile and five other persons received minor hurts in collisions.

The injured:

Forrest Taylor, 27, San Carlos, broken leg.

Guido A. Lazzari, 26, Daly City, slight abrasions.

Patricia Lazzari, 25, Daly City, leg injury.

James S. Thomas, 15, San Mateo, bruised side.

Mrs. Fern Bennett, 52, Hillsborough, bruised chest and knee abrasions.

Lawrence L. King, Burlingame, bruised chest.

Taylor, a pedestrian, was struck by an automobile driven by Robert Seeley, San Francisco, on El Camino Real in San Carlos about midnight Sunday. Two witnesses told police Taylor ran in front of the car. Seeley was not held.

Lazzari and Miss Lazzari were injured when their delivery truck smashed into the rear end of a stalled car driven by James R. McCoy, 27, San Francisco, about 1 a.m. Sunday on the Old Mission Rd. at Colma Rd., Colma.

Thomas was hurt when his car and one driven by John J. Madden, 33, San Francisco collided Saturday night at Fifth Ave. and Humboldt St., San Mateo.

Mrs. Bennett was hurt in a collision at 5 p.m. Sunday involving the automobile she was driving and one driven by E. A. Evanson, San Francisco, on El Camino Real near Monte Diablo Ave., San Mateo.

King's injuries were incurred when his car collided with one driven by Walter Grzebieniowski, San Mateo, at 15th Ave. and El Camino Real about noon Sunday.

Search to Start For Rodeo Queen

Redwood City civic organizations this week were looking around for suitable entrants for the July 4 Rodeo and Celebration to be sponsored by the Peninsula Celebration Assn. on city recreational areas in the intersection of Jefferson Ave. and Myrtle St.

The contest will start Monday and today Raymond L. Spangler, queen committee chairman, urged all organizations to enter their candidates as soon as possible.

Several inquiries have been made by individual girls interested in entering the contest and several organizations have appointed committees to select candidates, Committeemen John W. Ryan and E. W. (Ned) Butler said.

The contest closes June 28 and the winner will be awarded a $100 western outfit and her choice of another $100 in cash or a two-week expense-paid dude ranch vacation.

Candidates must be able to ride, must be between 16 and 26 years old, and must be sponsored by an organization. Votes will be given for a sale of tickets to a celebration rodeo.

Mrs. Floyd E. McCue, program committee chairman, reported satisfactory progress in a campaign to sell program advertising space.

If you are having house guests for the holidays, make breakfast a buffet affair, with a choice of several fruit juices in bottles resting in a bowl of ice, a hot dish of two and a few different cereals.

$600,000 Property Transfers In County Recorded Here

Large property transfers, involving more than $600,000, were recorded by County Recorder T. Clark Rice yesterday afternoon.

In the largest single transaction, Mr. and Mrs. Hugo M. Larbor of San Mateo sold their property there known as the "Mounds" to a syndicate headed by J. F. Barrett of Barrett & Hilp.

The 25 acres, which sold for an indicated price of $250,000, fronts on El Camino Real between Tilton and Santa Inez Aves., and included a wooded mound that rises 150 feet.

A 30-room home, built 30 years ago by the late Duncan Hayne and later owned by William H. Talbot, lumber magnate, is located atop the mound.

D. A. Raybould of Raybould & Bartlett, San Mateo realtors, said the property would be subdivided for residential and apartment house use.

A series of transactions changed ownership of a Redwood City industrial tract from Ross H. Chamberlain Ltd. to the Land Development Co. which in turn conveyed title to two parcels.

Thirty acres, comprising nearly all of a Spring St. and Chestnut St. industrial tract originally developed by Chamberlain, were sold to the Land Development Co. for an indicated price of $83,000. Chamberlain's office and a warehouse were not included in the sale, although L. E. Werder of the Land Development Co. announced an option on the structures.

E. L. Goodman, agent for Land Development, conveyed title of 15 acres to California Pacific Title Insurance Co. for an indicated price of $46,000 and the land was in turn bought by Mr. and Mrs. Israel Lampert of Redwood City for an indicated $48,000.

The property, on the south side of Spring St., will be site of approximately 80 residences.

Goodman also sold 10 acres to the Chemical Process Co. of San Francisco for an indicated $35,000.

Land Development Co. is retaining right of way for a spur track which will open up the property from Chestnut St.

The company already owns 107 adjacent acres of industrial property.

Sale of Western Pipe and Steel Co. to Consolidated Steel Co. for an indicated price of $185,000, was also recorded yesterday. Sale of the South San Francisco property was announced several months ago.

Firemen Extinguish Mattress Blaze

Redwood City firmen extinguished a mattress fire at 1117 Middlefield Rd. Tuesday at 12:37 p.m. and a grassfire in the 2000 block of Bayshore Hwy. at 4 p. m. Except for the mattress, some bedclothing and some hay, there was no damage.

If the tab should fall off the end of your shoe-string, coat the string with clear nail polish one-quarter of an inch from the tip. Let dry thoroughly.

New Effort to Save S.M. Golf Course

San Mateo County and the cities of San Mateo and Burlingame had before them this week a proposition whereby they might acquire the entire San Mateo Municipal Golf Course property for $150,000—provided Newbridge Park Realty Co. of San Francisco can acquire title to 34 acres of the property which it does not as yet control.

In conference with Mayor Claude J. Hirschey of San Mateo last week Joseph Greenback, president of the realty company, offered the cities and county a year's option to purchase the entire property for $150,000 if the realty company could secure the entire 110 acres.

At present the company has title to 76 acres and has a verbal agreement for purchase of 16 more acres owned by Origo and Levy of Cairo, Egypt.

The Origo and Levy interest is represented by A. J. McBoyle of Trevor and Co., San Francisco, who also control the remaining 18 acres.

Poss Urges Study Of Dibble Facilities

Supervisor M. A. Poss today urged continued study of use of Dibble General Hospital facilities to relieve crowded county institutions, and said he had "no intention of interfering" with the programs of Stanford University and Menlo Park which claim priority on facilities there.

"If, after their requirements have been fully met, should there then be remaining a portion of the hospital facilities which could be made available for county use . . . it might be advisable to take such portion over, as an emergency measure," Poss said.

The hospital is slated to be closed June 30.

Kiwanis Club Honors Members at Meeting

Attendance tabs for not having missed a single meeting during the past year have been presented to approximately 40 Kiwanis Club members at the weekly luncheon meeting held in the Sequoia Hotel.

Following the presentation of the tabs, a program of films, depicting Kiwanian activities during the year, were shown, under the direction of Ferris Miles, program chairman.

Group Seeks Ouster Of Board Members During Heated Session

Demands for the recall of the Ravenswood School Board by the citizens of the district climaxed the emotional meeting of the board Monday night in the Ravenswood School. The majority of the 60 citizens present expressed their resentment of the board's action in meeting yesterday afternoon in closed session and appointing a new superintendent before hearing the opinions of the community.

A meeting to discuss recall action against T. A. Callahan and Mrs. Helen Boyer, board members who will continue to serve for the coming year, was called for Wednesday night at 8 p.m., in the Ravenswood School Auditorium.

The meeting is planned, according to J. H. Stubbe, citizens' committee spokesman, "because of the under-handed methods employed by the board in appointing a superintendent prior to the meeting at which the citizens' expected to voice their opinions. . . . We feel that they are no longer proper representatives of the people."

Sandwiched in between heated debates of the issue of whether Roy Liddicoat should be replaced as superintendent of schools, was the discussion of the school budget for the coming year.

After the reading of the minutes, Mal Coombs, present board chairman defeated in the elections Friday by John I. Cleese, but completing his term which runs until June 30, announced that after careful consideration the school board had appointed Paul Hufford Henry of Columbus, O., as the new school superintendent for the coming three years starting July 1, 1946.

Coombs later explained that Henry had been appointed superintendent but that the contract had not as yet been signed.

Criticisms from the floor welled up, protesting that the board had given no chance to the people of the community to express their feelings. Stubbe said Coombs had promised him that Cleese would be invited to sit in on every meeting of the school board following the election, yet he was not invited to the special meeting yesterday afternoon.

Stubbe termed this closed session of the school board previous to last night's meeting, "a sneaking action."

The floor, becoming noisy, demanded that Coombs give the reasons why he changed his mind about resigning, if defeated in the elections. He replied that he felt he had worked with the board for a long time, was thinking along the same channels as the other board members, and felt it an obligation to finish the term.

He added that since he made the pre-election promise to resign if defeated, the situation has changed because of his announced intention to leave the community next month.

Cries of "give us reasons" once again filled the school's cafeteria, where the meeting was held, this time the audience wanting to know the reasons why Liddicoat's contract had not been renewed.

Coombs, pounding out peace with his gavel, explained, "The people elected the school board to administer and to carry out the policies of operating the schools. . . . Mr. Liddicoat was not rehired because the school board is not satisfied with the way the schools are being administered."

"The board feels that this matter is closed," continued the chairman, once again having to restore order with his gavel.

The total of the tentative budget for the coming school year was announced at approximately $140,000, as compared with last year's figure of $136,000. The increase was due mostly to two items: The large increases in teachers' salaries which zoomed from last year's $52,000 to the proposed $65,000, and the figure for the upkeep and repair of equipment and buildings which was raised from $1500 to $3000.

The main cut in expenditures was in the funds to be devoted to the construction of new buildings, the board having spent $47,000 under this heading last year. The total for the coming year will be $25,000, all of which the board feels should be saved until the year after next when building materials will be cheaper and more available.

Discussion from the floor brought out, however, that some 900 new homes are expected to be built in the communities during the next year, meaning a decided rise in the enrollment at the enrollment at the schools, which are now filled to capacity.

Mr. Coombs expressed the belief that the board had anticipated a gain in enrollment of about 100 students during the coming year and had thought that the present facilities would accommodate them. He said the board would recheck its figures in the light of the discussion and would present its findings at a later time.

Vets Prepare Memorial Day Observance

Committee chairmen for the united veterans' Memorial Day program, to be observed May 30 at 2 p. m. in Golden Gate National Cemetery, will meet in the Burlingame American Legion Hall tomorrow night at 8 o'clock to discuss plans for the forthcoming event, General Chmn. William H. Augustus announced today.

Highlight of the program is to be an address by the Rev. Benjamin Parish, pastor of the Parkside Presbyterian Church in San Francisco and department chaplain of the American Legion.

Also on the program will be songs by the Sequoia Treble Clef Chorus, under the direction of Otis Carrington, vocal selections by Miss Dorothy Staten of San Mateo and band music by the Sixth Army Band of the Presidio of San Francisco.

Congressman Jack Z. Anderson, according to Augustus, is planning to attend the services, which are to be held in the sheltered part of the cemetery near the bridge.

PUBLIC NOTICE

M. Anderson Thomas, Atty.
Notice of Sale of Real Property at Private Sale—No. 96859—Dept. No. 9

IN THE SUPERIOR COURT OF the State of California, in and for the City and County of San Francisco.

In the Matter of the Estate of JAMES H. MANN, Deceased.

Notice is hereby given that Mabelle Smith, administratrix of the estate of James Hopkins Mann, deceased, will sell at private sale in one parcel to the highest bidder upon the terms and conditions hereinafter mentioned and subject to confirmation by the said Superior Court on or after Monday, the 3rd day of June, 1946, all the right, title, interest and estate of the said James Hopkins Mann, deceased, at the time of his death, in and to the real property hereinafter described, and all the right, title and interest the said estate has by operation of law, or otherwise acquired in addition to that of said deceased at the time of his death, of, in and to that certain lot, piece or parcel of land, situate, lying and being in the County of San Mateo, State of California, described as follows, to-wit:

Portion of Lot 24 in Block 15, as designated on the map entitled, "Oak Park San Mateo Co., Calif.", which map was filed in the office of the Recorder of the County of San Mateo, State of California, May 5, 1925, in Volume 12 of Maps at pages 26 to 29, more particularly described as:

Commencing at a point in the Northwesterly line of Howard Boulevard, where it is intersected by the line dividing Lots 23 and 24 in Block 15, as said Lots, Block and Boulevard appear upon the map above referred to; running thence from said point of commencement North 23 degrees 39' West 134.70 feet; thence South 78 degrees 09' 40" West 40.87 feet; thence South 23 degrees 39' East 143.06 feet to the Northwesterly line of Howard Boulevard; thence along the Northwesterly line of Howard Boulevard North 66 degrees 21' East 40 feet to the point of commencement.

Terms and conditions of sale: Said real property will be sold for cash, lawful money of the United States; ten (10%) per cent of the purchase money to be paid at the time of sale; balance at time of confirmation of sale. Deeds and abstracts at the expense of the purchaser. All bids or offers must be in writing accompanied by cash or certified check for at least ten (10%) per cent of the amount bid, and be left at the office of M. Anderson Thomas, Attorney for said Administratrix, Room 814, 785 Market Street, in the City and County of San Francisco, State of California, or filed in the Office of the Clerk of said Court, in the City Hall at the City and County of San Francisco, State of California, at any time after the first publication of this notice and before the making of the sale.

Dated: May 14th, 1946.

Mabelle Smith, Administratrix of the Estate of James Hopkins Mann, Deceased.

M. Anderson Thomas, Attorney for Administratrix Room 814, 785 Market St., San Francisco 3, Calif.

Donald Stewart Home After Re-enlisting

PFC Donald E. Stewart, 18-year-old son of Mr. and Mrs. Archie C. Stewart, 1502 Brewster Ave., recently re-enlisted for an 18-month "hitch" in the regular army and is at present visiting his parents on a three-week furlough before reporting to Camp Kearns, Salt Lake City, for assignment.

Stewart, who was graduated from Sequoia High School last June, entered the army in January of this year and was stationed at the AAF Military Training Center in San Antonio, Tex., before his re-enlistment.

Parents Ask $35,000

Mr. and Mrs. John C. Schell, 846 Bryant St., Palo Alto, Monday filed suit in superior court here for $35,000 damages for the death of their daughter, Marguerite, on Jan. 1 of this year.

The suit named William L. Canole, 356 Kipling St., Palo Alto, driver of the automobile which struck Miss Schell on Bayshore Hwy. near Capitol Ave., East Palo Alto, as defendent. The complaint alleges that Miss Schell was dragged 140 feet by Canole's car.

Brisbane Youth Hurt by Gunfire

A 16-year-old Brisbane boy narrowly missed death yesterday afternoon when his gun accidentally discharged while he was target practicing with a friend in the hills west of Brisbane.

Robert Baker, 16, laid his .22 caliber rifle down while starting toward the target to examine it when the gun discharged and a bullet went through the fleshy part of Baker's upper arm. He was treated at South San Francisco Hospital and dismissed.

Russell Grants Permits For 60 New Houses

County Bldg. Insp. A. W. Russell today granted permits for 60 new homes to two Peninsula contractors. Combined values was $420,000.

A. I. Larson of San Carlos, owner and developer of Friendly Acres property, was granted permits to construct 49 dwellings valued at $7000 apiece there.

David Bohannon of San Mateo took out permits for 11 homes valued at $7000 apiece to be added to his tract already under development in Menalto Park.

IN MEAT TOO... YOU GET MORE FOR YOUR MONEY AT SAFEWAY

It's worth a lot to *know* the meat you serve is right. That's an assurance you have when you bring *Safeway Guaranteed Meats* to your table. Every cut is unconditionally guaranteed to be tender, juicy and flavorful. And, although you would expect them to sell at premium prices, these fine meats cost no more than ordinary meats. It's another reason folks are saying, "You get *more* for your money at Safeway."

How the new bride can entertain successfully

There's something special about entertaining as a Mrs. for the first few times, so you'll want these events worthy of remembrance. If you're a novice at entertaining and a bit shy about going ahead, remember that the simplest dishes can become food triumphs when served with a little extra flourish.

Keep It Simple and Informal—Unless you've had worlds of experience in entertaining, then it is best to keep things simple and informal. For an all-feminine get-together, why not give a mid-morning brunch or a luncheon? When the menfolks are in on the party, we suggest a Sunday morning breakfast or a buffet supper or midnight snack party.

BRUNCH PARTY
Mixed Fruit and Berry Cocktail
(Serve in tall stem sherbet glasses, garnish with a mint or nasturtium leaf.)
Creamed Chicken and Ripe Olives on Waffles

Operators Attack Commission's Plans For County Airport

Plans of the San Mateo County Planning Commission staff for a $2,000,000 county airport east of Belmont met with opposition Monday from operators of private airports.

"Where there's no competition, municipal employes take care of customers when they jolly well like," Edward C. Watson Jr., manager of the San Mateo Airport and one of the three owners, declared.

Watson stated that municipal airports as a whole throughout the country are unsatisfactory to fliers. In reference to a proposed airport commission, he stated that "like anything else done by the government, politics plays a big hand."

The planning commission staff recommended to the planning commission Friday afternoon that a $2,000,000 airport be constructed on filled marsh land east of Bayshore Hwy. east of Belmont.

"The plan doesn't directly affect our airport," Watson said, "and I can't speak for other airports. Under the present plan, there is no interference between airports, and the plan now in effect is OK."

R. D. McMurren, assistant manager of the San Carlos Airport, declared the proposed location of the airport is not suitable because it is in line with the San Francisco Airport, which, because of the already heavy traffic and plans for increased activity, makes it unsatisfactory.

Another objection McMurren has to the proposal is that more planes can be handled on a small airport than on a large airport with long runways, he claims.

"One airport would never handle all the traffic, no matter how many runways," he said.

The planning commission staff's proposal to have various operators on one airport does not meet with his approval, because, he said, "numerous operators on one airport wouldn't get along."

"It would narrow down to one operator and flying school," he stated.

He said he thought that small airports with individual businesses is the answer to the aviation problem. An operator of a small airport has full control, making for safer operation, he said.

McMurren, who declared "I haven't seen anyone around from the planning commission staff," suggested that the planning commission staff and Civil Aeronautics Administration officials fly around the area and not make plans behind a desk.

"If they would make a flight around the fields they would be better able to make a decision," he said.

He said he recognized the need for a county airport to take care of commercial needs, but not for private planes.

In regard to the planning commission staff's proposal to issue non-conforming use permits (limiting expansion) to the private airports now in operation while the county airport is being constructed (which would take about two years) McMurren said that airports have to expand as the aviation business grows.

"What would happen to aviation if the private airports closed while waiting for the county airport to be constructed?" he asked.

Watson said that if the county wanted to operate an airport it should have made plans five years ago, before so much private capital was invested in existing airports.

Harry S. White, manager of the Palo Alto Airport, who declined to comment on the county airport proposal, said it would not be possible to have an airport southeast of Redwood City, as proposed, because there is no land available.

"Any airport plan south of Redwood City would have to be coordinated with the Palo Alto Airport plan," he said.

Operators of the Bay Meadows and Belmont airports were unavailable for comment today.

Action Set On Parking, Bus Loading

Rapid action on projects to provide more automobile parking space in downtown areas and to obtain bus loading stands for the Martin Transportation Co., was promised Monday by Redwood City city councilmen.

Bert Conroy, a downtown merchant who lives at Upland Dr. and Brewster Ave., told councilmen that a parking lot in the rear of Broadway stores near El Camino Real had changed hands and that the new owner was attempting to obtain greater rent from merchants for its continued use as a parking lot. Conroy said merchants were balking at the increased rents. He said that there was $58,000 earmarked in a $998,000 civic improvement bond issue voted in 1944 and urged that this money be spent at once to obtain parking area land.

Councilman C. C. Armstrong said the fault for the 18 months' delay could be charged to the council and said the entire cost of purchasing parking areas necessarily did not have to come from the bond funds. He moved, seconded by Floyd D. Granger, that an early caucus meeting with the Traffic Study Committee be scheduled and action obtained.

The motion carried. Before voting with the majority, Councilman William M. Werder said that council should not look on such a move as one benefiting Broadway merchants and not Main St. merchants. He said that both would be taken care of.

R. F. Martin told council he had received an order from the Southern Pacific Co. to vacate bus loading stands he now uses at Broadway near Carlifornia St. He urged that traffic around the Southern Pacific station be re-routed in order that he could load buses at the station and bring them to Broadway on a small street flanking railroad tracks. Armstrong told Martin this request had been refused previously.

Martin also claimed that he would be forced to vacate present stands by next Monday.

Menlo Park Home Burglarized

Raymond F. Morril, 20 Cedar Ave., Menlo Park, reported to Sheriff James J. McGrath's office over the weekend that his home had been burglarized of four men's pocket watches, a woman's lapel watch and a brooch pin with a diamond in the center. The burglar or burglars overlooked $470 in cash which was hidden in books.

Pick Flowers from This List for Peace Garden

Garden planning is best done in the winter when the gardener has most time for it. Here is a list of flowers, classified according to type, color and habits, which may be a valuable aid in planning a garden on paper.

For edges and borders—Sweet alyssum, dwarf nasturtiums, lobelia, dwarf marigold, ageratum, Virginia stocks, forget-me-nots.

Long stems for cutting—Asters, calliopsis, mourning bride or scabiosa, cosmos, giant zinnias, and double gaillardias.

Short stems for cutting—Marigolds, snapdragons, calendulas, sweet peas, annual chrysanthemums, bachelor buttons, carnations, liliput zinnias, annual pinks, sweet sultans, salpiglossis.

For color masses—Petunia, zinnia, marigolds, calendulas, annual phlox, verbena, stock, aster, salvia and poppies.

For light or poor soil—Nasturtiums, Clarkia, godetia, poppy, portulaca and zinnias.

For fragrance—Mignonette, heliotrope, nasturtiums, alyssum, ten weeks' stock and sweet peas.

For shady places—Pansies, torenias or wishbone plant, godetia, forget-me-not, nemophila and varieties of mimulus.

For hot situations—Sunflowers, heliotrope, portulaca, ice plant, petunias, balsam and annual gaillardia.

Vines—Morning glories, moonflowers, Japanese hop, climbing nasturtium, cardinal climbers, cobaea, cypress vine, balloon vine, scarlet runner and hyacinth beans.

For a fragrant, all-season border, with material for cutting, you may include most of the following: Ten weeks' stocks, petunias, French and African marigolds, calendulas, annual larkspurs, cosmos, zinnias, sweet peas, portulaca, kochia, flowering tobaccos, calliopsis, annual phlox, ageratum, sweet alyssum, poppies, asters, balsams, bachelor's buttons, sweet sultan, coxcomb and annual pinks.

Scout Leaders Win Praise For Camp-o-Ree Performance

Leaders were being hailed today for their annual Camp-O-Ree staged by the San Mateo County Council, Boy Scouts of America, at Flood Park last weekend which attracted over 850 Scouts and leaders. The event was under the direction of J. V. Christie, San Mateo, council scout commissioner.

Judges for the event, scoring units on camp setup and organization awarded prizes for the camping skills displayed, William Stevens, southern district commissioner, Redwood City, said.

Troops of the southern district and their leaders received the following awards: "B" rating, Troop 151, San Carlos, C. Rengstaff; "A" rating—Troop 104, Redwood City, Cecil H. Marlin; Troop 105, Redwood City, T. J. Seitz; Troop 107, Menlo Park, F. C. Beach; Troop 120, Redwood City, H. S. Stout; Troop 143, Redwood City, H. L. Day; Troop 149, Redwood City, Dalton Lewis; Troop 150, San Carlos, W. M. Jackson; Troop 153, San Carlos, D. J. Britton; Troop 154, San Carlos, Lloyd Gibbons; Troop 160, Redwood City, E. H. George; Troop 161, Belmont, Dr. David R. Sears; and Troop 163, Menlo Park, N. W. Proctor. It was pointed out that only 12 points separated the high and low scores for the entire group in attendance.

Feature of the encampment were the Sunday morning church services staged for Catholic, Protestant and Christian Science groups.

The Rev. Donald Hall spoke to the Protestant group under the direction of William Stevens, commissioner, with the Rev. and Mrs. S. E. Hall in charge of the music for the occasion. Readers for the Christian Science group were F. V. Tinker, San Mateo, and Paul Wessel of Burlingame. The Rev. Father T. J. McKeon performed the mass for the Catholic scouts.

Wide participation highlighted the scoutcraft contests in knot tying, water boiling, signaling, compass, first aid judging and observation, tracking, flag knowledge and nature study. Members of the Knights of Dunamis, honorary Eagle Scout society, conducted the events under the direction of John Wrentmore of San Carlos.

City Accepts Stafford Lot Deeds

Action by the Redwood City City Council during its lengthy session at the city hall this week included:

1. Authorization transfer of $1350 from the unbudgeted reserve to pay for furniture, a library and redecoration of rooms for a new city police judge.

2. Accepted a deed from Daniel R. and Esabella Stafford to Lots 13 to 20 of Block 39, Redwood Highlands, such land to be used for a city recreation area.

3. Accepted a final map of Poplar Subdivision No. 2.

8. Tabled an ordinance concerning off street parking for further study.

4. Authorized the city to apply to the OPA for 800 pounds of sugar to be used for soft drinks at the July 4 celebration.

5. Postponed action on a move to set up taxi stands until Police Chief C. L. (Mickey) Collins provides a proposal.

6. Instructed Blom to prepare plans and specifications for street improvements to Laurel and Stambaugh St. improvement project.

7. Passed a resolution of preliminary determination on the same project.

8. Ordered preparation of an ordinance amending the zoning ordinance to place Broadway from Main to Chestnut Sts. and Main from Broadway to Bayshore Hwy. in the first fire zone.

9. Carried on the agenda a discussion of an ordinance regulating the erection of prefabricated houses.

10. Approved by resolution changes to personnel rules voted last meeting.

11. Instructed City Atty. Paul A. McCarthy to work through title companies in purchasing lands for city recreational areas. McCarthy had requested an opinion on the subject from council.

12. Passed a resolution ordering improvements on Sapphire St. between Jefferson and James Aves., on Taft St. between Vera and Roosevelt Aves., and on Ruby St. between Jefferson and Vera.

13. Granted the Keenan Motor Co. permission to operate a used car lot at 1661 Broadway.

14. Granted Cuddy Motor Co. permission to construct a sign.

15. Ordered Blom to start work on improving a jog intersection at Valota Rd. and Vera Ave.

16. Denied an application for construction of a trailer camp near the Southern Pacific Co. station.

17. Sold a lot in the Gray Tract for $175 to Kenneth W. Beck, and sold Lot 7, Block 10, Lenolt Tract, to Joseph A. DeGeller for $2020. Council turned down a late bid for the second property from H. H. Weiner after City Clerk Ralph S. Dodge explained that Weiner had submitted a low bid at the time bids were opened and then submitted a higher bid after learning which was the high bid.

Coroner's Jury Finds 2 Negligent

A coroner's jury impanelled by Coroner William R. Crosby, today returned verdicts of negligent driving against two San Francisco men as the result of recent fatal highway accidents in San Mateo County.

Blamed by the jury were:

Wilford Leffler, 23, driver of a car in which his passenger, Calvin Mann of Grand Island, Neb., was killed when the Leffler car collided with a Greyhound bus on Boneyard Hill north of Brisbane, Apr. 27.

Joseph Anderson, 46, whose car collided with one driven by Watson Dimock, 80, of Menlo Park, killing Dimock. This accident occurred on Bayshore Hwy. north of San Carlos, Apr. 19.

Willard Mann, 34 and **Kenneth Mann,** 20, brothers of Calvin Mann, also pasengers in the Leffler car, received serious injuries. Leffler likewise was injured in the crash.

Dimock was driving his wife, Evelyn, 75, to their Menlo Park home when he met his death. His wife was seriously injured.

The jury's findings against Leffler and Anderson will be forwarded to the district attorney's office by Coroner Crosby.

"It is gratifying to see a coroner's jury take cognizance of fatalities caused by reckless drivers," Coroner Crosby said. "Sterner measures are necessary if we are to keep the death toll from mounting on our traffic lanes."

In a third case heard by the jury this morning it was recommended that further investigation be made by the Industrial Accident Commission. This investigation was in the death of Alvisio Casellini, killed in an elevator of a South San Francisco packing plant on May 1.

Evidence taken today showed that a heavy crate fell on Casellini, causing him to be crushed between the elevator platform and shaft wall.

The jury also placed blame for his own death on Harold Meyers. He was killed in San Mateo on Apr. 25 when his car collided with a truck. "Negligent driving" was the verdict.

A verdict of murder and suicide wrote finis to a tragedy in a South San Francisco auto court on Apr. 17 where Al Meier shot Mrs. Bessie Duncan and then turned the gun on himself.

Barbecue at Flood Park Set As 'Dress-Up' for Celebration

No speeches, lots of music, entertainment and steaks will be on the schedule for a Flood Park barbecue which will open a "dress up" program June 22 in preparation for a July 4 celebration and rodeo in Redwood City, W. I. Turck announced today.

The captain of the San Mateo County Mounted Patrol which will sponsor the event said that 400 steaks have been laid away in cold storage to age for the feed and that tickets which will sell for $1.50 each were being printed today.

Residents of Redwood City will be urged to grow beards and in other ways dress themselves in keeping with a rodeo atmosphere from June 22 until after the rodeo.

Turck also said that the Mounted Patrol is planning an overnight ride this weekend. Patrol members, he said, will leave Searsville Lake at noon Saturday, ride over the Skyline to the McArthur Ranch near the Coastside where they will camp for the night after a barbecue. Sunday they will ride to the beach and return. A committee composed of Ben Kramer, K. B. (Pete) Towne and Ken Thoits expects a turnout of 30 for the ride.

Coal Strike Delays Start On R.C. Plant

Start of construction of a planned $540,000 Redwood City sewage disposal plant will be delayed by a coal strike and a shortage of materials, City Mgr. E. W. Blom said this week.

Blom explained that plans for the primary treatment plant are rapidly nearing completion but that, in his opinion, the city would be unable to let contracts for the job this Summer as it had hoped.

He said that it was practically impossible to obtain cast iron pipes, valves and fittings needed for the project and that therefore he doubted if contractors could make intelligent bids to the city for the project. As things now stand, Blom continued, bids would undoubtedly be so high that it would be economically unfeasible for the city to accept them.

He said that the bids would be high because contractors making them would have to add in the expense of delaying projects while waiting for materials.

The coal strike resulting from a dispute between John L. Lewis' AFL coal miners and mine operators has practically shut down all cast iron producing plants in the United States.

California has ruled that all San Francisco Bay Area communities must stop dumping raw sewage into San Francisco Bay by Jan. 1. Blom said that the city has made an effort to comply with this demand by Dr. Wilton R. Halverson, state director of public health, but that if materials are not obtainable the city could not be held accountable. As the situation now stands, Redwood City is leading other Bay Area cities in its preparations. Except for the cities which had disposal plants before the war, none has gone as far as Redwood City in attempting to improve systems.

The city's voters in 1944 voted a $998,000 bond issue of which $300,000 was earmarked for the disposal system. In addition the city has allocated $110,000 it received from state surpluses to the project and expects to obtain another $130,000 from San Mateo County to cover extension of the system to the North Fair Oaks district which is outside the city limits.

Of the $540,000, an estimated $415,000 will be expended for the primary treatment plant itself, $80,000 for an interceptor sewer and $45,000 for improvements to existing trunk line sewers.

At the plant, which will be constructed at Steinberger St. at Steinberger Cr., solids will be removed from the sewage and processed so that they may be used for fertilizer. Liquids will be chlorinated and dumped into the bay.

The city interceptor will run from Rogers St. along the Rancho de las Pulgas line to Middlefield Rd. and then along Middlefield Rd. to Bradford St. and along Bradford to Bayshore Hwy. at Steinberger. Sewage will enter a pumping plant.

JACK ANDERSON for CONGRESS

Redwood City, Calif.
May 23, 1946

Citizens of Redwood City:

HERE ARE SPECIFIC REASONS WHY WE OF REDWOOD CITY SHOULD VOTE TO KEEP CONGRESSMAN JACK ANDERSON IN WASHINGTON.

Responsible for securing a grant from Federal Works Administration, in Washington, D.C., of $53,000 for construction of Wharf No. 2 and dredging at the wharf so as to make it possible for the Port of Redwood City to handle the bulk cement for construction of bases in the South Pacific.

Responsible for having included in "Rivers and Harbor Bills," adopted by Congress in 1945, an authorization for $483,000 to widen and deepen the entrance channel and widening, lengthening and deepening the turning basin, and dredging a deep channel across San Bruno Shoals to make it possible for vessels of all types to enter and leave the Port of Redwood City at any stage of the tide, night or day.

When the port was negotiating with the 12th Naval District regarding a lease of its facilities and property to the Navy, for a gasoline depot, some differences arose; we communicated with Congressman Anderson and three days later he, accompanied by a representative of the Navy in Washington, flew to San Francisco and held a conference with the Navy and port officials who amicably and satisfactorily adjusted the situation.

After the termination of hostilities in the Pacific when Redwood City was anxious to immediately return the port facilities to control of Redwood City, a delay occurred in the negotiations with the Navy Department in Washington, the port commission communicated the facts to Congressman Anderson and within three days he arranged with the Navy Department for the immediate release of the facilities to the city for commercial operation.

Promptness and efficiency in all matters which have been referred to him and has assisted many veterans in obtaining discharges when conditions at home have warranted same and has processed educational allotments with immediate dispatch.

He has shown an amazing ability to get things done when requested by officials and residents of this community and has proven a highly efficient and practical representative for Redwood City in our National Capitol.

Very Truly Yours,

Harold F. Anderson, Henry A. Beeger, Stuart W. Copps, Cuthbert B. Currie, Clarence M. Doxsee, Lewis E. Franklin, Floyd Granger, Harry A. Hibbard, W. W. Hilton, Lloyd A. Johnson, Jerome Macdonald, Vincent Maranta, Mrs. Floyd McCue, Mrs. B. E. Myers, Noah Payne, Lee T. Ross, Daniel R. Stafford, T. N. Thompson, C. G. Uhlenberg, Henry Witte.

BEST FOR HOME CANNING

TO TEST FEEL the SEAL

- Try these new 2 piece DOMED metal caps for your home canning. You're sure to like them! Fit any mason jar.
- To test seal, press center of cap. If dome is down, jar is sealed.

Entered in the Post Office at Redwood City as Second Class Mail Matter under the Act of March 3, 1879.

Southeast S.M. County Residents Excluded From Hospital Dist.

Southeast San Mateo County residents, representing an estimated one-third assessed valuation of the proposed Sequoia Hospital Dist., Tuesday morning won their fight to be excluded from the area during a public hearing before the County Board of Supervisors.

Menlo Park, East Palo Alto, North Palo Alto and other south county residents present at the hearing agreed to meet with members of the hospital study committee Thursday night at the Redwood City City Hall in order to set revised boundaries.

The district was originally proposed to coincide with the Sequoia Union High School Dist., which extends from Belmont to the Santa Clara County line and from the Bay to Skyline Blvd.

City Councilman C. C. Armstrong of Redwood City, member of the Hospital Study Committee, presented the district hospital plan to the supervisors. More than 100 persons were present at the hearing.

He said a "crying need" existed for additional hospital facilities in the area even after discounting 50 per cent of the proposed area's 62,000 residents who might utilize veterans', public supported or outside facilities.

He outlined activities of the hospital movement which gained impetus in May, 1945, following a survey made by Dr. Thomas R. Ponton, nationally recognized hospital expert.

A proposed district hospital could be more than adequately financed from an $88,000 yearly income derived from a 20 cents per $100 assesment on the district's $44,400,000 assessed valuation, he explained.

"We're not asking you to do something for us; we are asking you to let us do something for ourselves," Armstrong stated in asking the supervisors to:

1. Include the entire Sequoia High School Dist. area in the hospital district, and

2. Set a date for an election at which voters would accept or reject formation of the district.

However, when representatives of groups strongly protested inclusion of the south county areas, Armstrong asked the supervisors to eliminate protestants from the plan so that "the project may go on."

"Time is of the essence in this," Armstrong said. ". . . We have no desire to strongarm them in."

He admitted loss of the south county area could be a serious loss economically.

Protestants included: August Lock, 1275 San Mateo Dr., Menlo Park, who represented the City Council of Menlo Park; Mrs. Eliot Jones, Santa Cruz Ave. and Sand Hill Rd., Menlo Park; J. H. Stubbe, 559 Sacramento St., East Palo Alto, representing Ravenswood School Dist.; Ben Levy, 330 Pope St., North Palo Alto; Sidney Carr, 510 Pope St., North Palo Alto, representing the North Palo Alto Improvement Club.

Mrs. Mona Christensen of 117 Pope St., North Palo Alto, said residents there opposed payment of taxes here when Palo Alto Hsopital facilities were available.

Lock said the Menlo Park council admitted an "acute need" for additional hospital facilities, and approved the project for the district.

"Because we would not use the hospital in any principal respect, we therefore demand we be left out of the district," he stated.

Carr declared geographic reasons and need for a limit to taxation were foremost reasons for his objections.

Several persons, including Dr. A. R. Hedge of Menlo Park and Redwood City, and John W. Dean of 1605 Middlefield Rd., Redwood City, urged erection of a hospital.

William Galloway, chief deputy county clerk, presented letters of protest from Mrs. Jones, the Menlo Park City Council, Citizens' Service League Inc., and North Palo Alto-Belle Haven Improvement Assn.

Endorsements for formation of the district were acknowledged from 37 fraternal service and union organizations.

Supervisors refrained from passing a resolution calling for an election pending revision of district boundaries.

Galloway, in answer to Redwood City Atty. Paul A. McCarthy, said date for an election would be impractical before July 2 because of work connected with June primary elections.

McCarthy had expressed hope for an election next month.

Formation of a hospital district is necessary before money through taxation and a bond issue can be raised to finance a hospital.

Present proposals call for immediate construction of a 50-bed hospital to be expanded with need.

S.M. Council Backs Golf Course Plans

San Mateo City Council last night went on record as favoring county purchase of the municipal golf property for $150,000 and as agreeing to shoulder one-third of the burden.

The council also:

1. Turned down by a 3 to 1 vote the planning commission's recommendation for rezoning about eight lots on San Mateo Dr. from commercial to fourth residential.

2. Directed the city attorney to draw up an ordinance placing a 5-cents-a-ticket tax on admissions at Bay Meadows.

3. Referred to the city manager for study and recommendations the request of the South San Mateo Improvement Assn. for a city ordinance to limit and control aircraft operations in San Mateo.

4. Adopted an ordinance requiring utilities to obtain a franchise to operate in San Mateo and directed the city manager to notify Pacific Telephone & Telegraph Co. to comply with the new ordinance or cease operations in the city.

The grapefruit was brought to Florida by the Spaniards in the 16th century.

Everyone Can Garden in Easily Made Window Box

Everyone can garden the window box way, whether he lives in a suburb or a tall apartment dwelling. And now is the time to be thinking of it, for boxes can be constructed during the winter weeks so they will be ready for the earliest start in the spring.

The illustration shows the dimensions for a single window. If made of cypress, it will last well, and cost less than a dollar to build. Where large or multiple windows demand great length, the other dimensions may be larger in proportion, or boxes for each window made.

Remember that window boxes are a decoration for the house. They should harmonize with it, and improve its appearance. The boxes should usually be painted to match the dominant color of the house, or of its trim. The flowers will look best if they make a contrasting note, providing an accent of color.

Perhaps the finest of all window box flowers are petunias, because they blossom constantly throughout the summer, and provide so interesting a variety of color, form and habit. The balcony type petunias, which produce trailing vine-like stems, make graceful festoons which drape from the boxes.

Tall nasturtiums, particularly the new doubles, including Golden Gleam, and its hybrids, give the same effect as the balcony type petunias; and they are excellent window box subjects. Fragrant flowers, such as mignonette, tenweeks' stocks, and dwarf snapdragons, are doubly attractive. The list of flowers that can be grown in window boxes embraces almost the entire seed catalog.

Planning Group Approves $600,000 Home Subdivision

Harry H. Weiner, Redwood City builder, Monday announced he plans to develop a $600,000 subdivision for 60 homes for veterans on land adjoining Atherton at Eighth Ave. and Middlefield Rd. to be known as Garfield Village.

The San Mateo County Planning Commission Friday approved the subdivision plans and they will be presented to the board of supervisors tomorrow at 11 a.m.

Considerable protests from Atherton residents were voiced at the planning commission meeting, but Ronald Campbell, planning advisor, recommended a plan which appeared satisfactory to the protestants. The revised plan calls for rezoning of the lots to 6000 square feet per lot, and for 20,000 square feet for lots adjoining Atherton property.

The homes will be of ranch style and Monterey style. Prices range up to $10,000. John A. Evans of the San Mateo County Realty Co. will handle sales of the homes.

Construction of the homes will start as soon as the necessary utilities and street improvements are completed, Weiner said.

Robert O'Connell Ends Flight Course

Robert E. O'Connell, 490 Santa Clara Ave., son of the Redwood City postmaster, is one of 18 flight attendants graduated from Eastern Air Lines' School for Flight Attendants at Forest Hills, Long Island. He has been assigned to serve aboard a Silverliner of the Great Silver Fleet with headquarters at LaGuardia Airport, N. Y., according to an announcement made by John T. Stickney, superintendent of passenger service for the air line.

O'Connell, a native of Redwood City, attended schools here. He was employed by the Menlo Country Club as a lifeguard before entering Eastern Air Lines School.

5 Million Tax Bill For School Dists.

The property tax bill for San Mateo County, the school districts, and the special districts in the county totalled $4,959,139 for the current fiscal year, up 15 per cent or $649,454 from the $4,309,685 levied by these governmental units for 1944-45, California Taxpayers' Assn. said today, making public its study of property levies in California counties. Levies by the city governments in the county are not included.

Property taxes levied by the county totalled $1,977,423 for 1945-46, compared with $1,649,374 for 1944-45 the association said. Levies for the school districts in the county amounted to $2,674,734 for the current fiscal year and to $2,410,630 for last year. Special district levies were $306,982 for 1945-46 and $249,681 for last year.

Facilities Provide Needed Hospital Space, Doctors Say

The San Mateo County Medical Society approves the plan of San Mateo County purchasing Dibble General Hospital as a health center, provided facilities there are determined to be adequate and the purchase price is right, the society announced today.

Dr. J. Paul Sweeney of San Carlos, secretary of the doctors' association, stated that the county physicians, 45 of whom met last night at Mills Memorial Hospital in San Mateo, regarded the Dibble Hospital purchase plan as "meeting the immediate needs of the county as well as taking into consideration long range needs."

Other action taken by the doctors last night included passage of a resolution thanking the board of supervisors for permission to have Mills Memorial Hospital retain use of the 20-bed annex, formerly the county tuberculosis pavilion, at the Community Hospital in San Mateo.

The medical society also went on record by resolution as urging the board of supervisors to ask the doctors' association for advice on applicants for the post of superintendent of Community Hospital, a position which will be vacant June 30 with the retirement of Dr. H. W. S. Hayes, and for the position of director of County Health and Welfare when Dr. Charles C. Gans reaches the retirement age in the next few years.

Dr. Sweeney said that the medical society's approval of the proposed purchase of Dibble Hospital for use as a county hospital, juvenile home, home for the aged, tuberculosis pavilion, all incorporated into one huge county health center in the Dibble Hospital facilities which will be vacated by the army June 30 at Menlo Park, was also in the form of a resolution.

The resolution made the approval subject to determination by the board of supervisors that the hospital does meet the county's needs, can be purchased at a reasonable price from the army, and that the suggested health center will be approved by the state board of health.

Dr. Sweeney pointed out that it would be very important for the state's approval to be secured, since this approval would be necessary before Dibble could be developed for use as a county hospital.

The medical society secretary pointed out that purchase of the hospital would give the county almost immediate access to hospital bed space, while any plan for enlargement of Mills or Community Hospitals would require building programs that would not be completed for 18 or 20 months at the earliest, and even then would not meet the county's rapidly expanding needs.

Dr. Sweeney warned that the present critical shortage of bed space in hospitals in this county may well cause a "catastrophe" if some disaster occurs and there is no space to take care of injured persons.

Next meeting of the association will be a dinner to be given at the Benjamin Franklin Hotel in San Mateo June 18.

Solari Installed In High Office

George L. Solari of 338 Manzanita St., was installed Grand Sub Chief Ranger of the Foresters of America at installation ceremonies which highlighted the state convention held last weekend in San Jose's Civic Auditorium.

Grand Chief Ranger for the coming year is Max Taylor of San Francisco.

Solari, who has been a member of Redwood City's Court Madrone 158 for 26 years, and has been financial secretary of the chapter for 17 years, had previously been grand officer from 1933 to 1940 and grand treasurer during 1937 and 1938.

The convention voted to hold its 1947 meeting in Los Angeles.

Other delegates from Court Madrone 158 who joined Solari in attending the convention were Albert P. Jordan, Eugene D. Badger, John W. Ryan, Louis F. Rolla and Joseph T. Clarkin.

Attempts to produce floor and wall tile for bathrooms and kitchens were made in the United States even before the Revolutionary War, but successful production did not get under way until the 1870's.

San Carlos Planning Group Refuses to Approve Annex

The San Carlos Planning Commission Monday withheld the approval of a request for annexation by the owners of a new subdivision until the property owners agreed to set aside a portion of the area for a potential kindergarten and playground.

The request for annexation was presented to the commission by the Standard Bldg. Co. of San Francisco, whose undeveloped subdivision, "Clearfield Park," comprises 30 acres south of the Old County Rd. and is located north of the Phelps' tract. The property had recently been purchased from the San Francisco Water Dept. and plans call for the construction of 200 veterans' homes.

Planners explained the possibility that history might repeat itself in the matter of set-back lines for the purposes of off-street parking developed when no property owners in the block—between San Carlos Ave. and Cherry St. and between El Camino Real and Laurel St.—were present at the meeting. Two months ago when the planning commission last held a public hearing on the matter no objectors appeared at the time to disapprove the measure. When the plan was submitted to the city council for a public hearing, however, a storm of protest rose over the contemplated action.

In the absence of opposition last night, the planning commission recommended that its new proposal, which has increased the width of the proposed parking area from 50 to 60 feet, be adopted by the city council.

In asking the San Francisco subdivision firm to set aside a playground area, the commission pointed out that the new tract is east of the railroad tracks and the highway and otherwise would have no recreational facilities.

City Atty. Carl Anderson said that unless the playground was established from the start it would probably never be established since, as tax exempt property owners, the future home-owners would never be able to raise an assessment for such an installation. Comsrs. Donald Lilly and George Lagomarsino concurred in this opinion.

E. V. Schulhauser, engineer for the building company, replied that the subdivision was "a business proposition" and that to add to its expense would mean lowering the quality of the homes that were built.

A joint meeting, with representatives from the planning commission, the building company, the San Carlos Elementary School Board and the recreation commission present, was suggested by Lilly and given the approval of the planning commission. Date for the meeting was not announced.

A discussion of the merits of the planning commission was cut short by Chmn. Gordon Bye, during the off-street parking plan, who asked for a vote among the commission on the revised, 60-foot proposition.

Burlingame Attorney Heads Chest

Atty. Luther M. Carr of Burlingame has been named chairman of the San Mateo County Community Chest for its 1946 fund drive, according to announcement made today by Ira H. Potter, chest president.

Heading a chest drive is not a new experience for Carr. In 1936 he occupied a like position for the Community Chest in Newton, Ia., and in 1941 and 1942 he served as county campaign chairman of Red Cross drives.

Carr has been a resident of Burlingame since 1943 and is associated with Atty. Edward N. Cosgriff in law practice. He has taken an active part in war loan and chest drives since coming to Burlingame, and his other civic activities include the presidency of the Burlingables Oak Grove Manor Club, and serving as a director of the Burlingame Chamber of Commerce.

Carl Cunningham, Burlingame realtor, will head the county community chest's public relations committee during the 1946 drive. He formerly was public relations officer for the National American Manufacturers' Assn.

Jack D. Bromfield, Burlingame and San Mateo store executive, who heads the chest's budget and admission committee, announced today that his committee will shortly start reviewing budgets of various organizations which will depend on the chest drive for financial aid. Various organizations of the county are now completing their reports for consideration by the county chest.

Chest headquarters, under supervision of Lorne G. McAloney, executive secretary, are now located in new permanent offices at 301 Lorton Ave., Burlingame.

Secret of Radish Success, Sow Little But Sow Often

The first radish he harvests thrills the home gardener more than the first robin. Three weeks, more or less, from the time the seed is sown, round, red, spicy roots are ready to serve, bringing to the menu a zest which stimulates winter-jaded appetites.

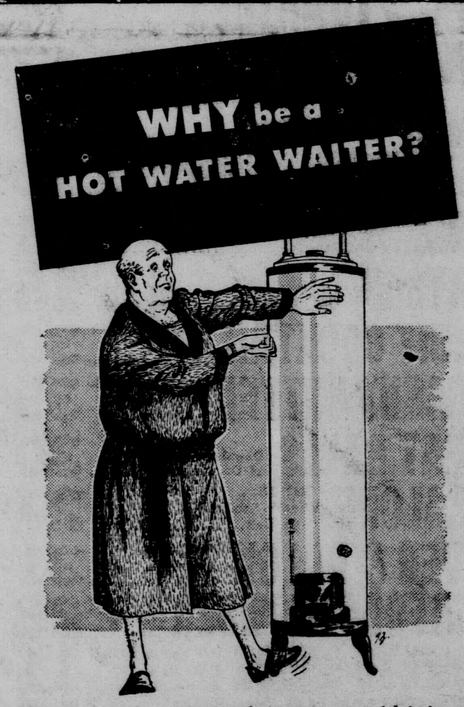
Yet many home gardeners have had trouble devising a radish program which would avoid the waste that comes when a planting is too large, and only a fraction can be used before the roots turn pithy, and must be thrown away.

The cause of this is the very short season that early radishes remain edible. The earlier they are the shorter this season, because they are growing fast, and quickly pass by the edible stage on their way to the goal of all plant life, the production of seed.

With radishes, as with other crops, you must sow according to what you need. Figure out the number you will use in a week, and estimate that twelve early radishes can be produced in a foot of garden row. Then sow a week's supply of an early variety at a time. Midseason radishes will be usable for two weeks, so two weeks' supply of them can be sown. The early varieties do not grow well in hot weather. If you want a supply all summer, sow a late, summer variety for that season. But frequent sowings in small lots is a good rule for all except winter radishes which take two months to mature and remain good for six weeks. They grow very large, some weighing several pounds.

One way to grow early radishes is to mix them with the seeds of parsley, parnips, carrots and beets, all of which are slow to germinate. Not more than a tenth as many radishes as the other seeds should be used. The radishes will germinate quickly, "marking the row" where the other seeds lie, which will assist you in cultivating. Be sure to pull and eat the radishes as they mature before they can crowd the slower crops.

Harvesting the First Radishes Gives Home Gardeners a Thrill.



When your hot water faucets run cold it is a sure sign your home has outgrown your old water heater.

Remember this—that as families grow up, hot water usage increases. There is more laundering, more dishwashing, more fuss about personal appearance, more bathing.

Avoid annoyance of waiting for water to heat by having at least 30 gallons of hot water stored for instant use

I tested RIVERSIDES...
Gave 'em the works, I'm convinced
THERE'S NO SAFER TIRE MADE!

RACING CHAMPION PICKS STOCK RIVERSIDES OVER ALL OTHERS!

In Atlanta, Ga. recently, Joie Chitwood, famous AAA Racing Champion, tested Riversides to prove how well they could "take-it". Lap after lap, on a hard track, under a blazing sun, he hit speeds as high as 120 m.p.h.*! Chitwood made the statement that he had never put *any* tires to so punishing a test! These Riversides (the same as those sold at Wards today) came through with *absolutely no tire-failure of any sort!* Here's outstanding proof that Riversides are safer for race-drivers . . . safer for you!

RIVERSIDES for MORE MILES of greater SAFETY!

*Averaging 86.7 m.p.h. despite the "slow-up" of 200 rubber-burning track turns!

Mills Again Granted Rental Of County Hospital Annex

San Mateo County supervisors Tuesday granted a year's extension to Mills Memorial Hospital for use of the Community Hospital Annex.

The annex, which was slated for return to the county on June 30 when the current agreement expires, was leased to Mills by County Executive Frederick Peterson in December, 1944, and has been used to accommodate overflow patients from Mills Hospital in San Mateo.

Supervisor Henry W. Edmonds reversed a previous stand when he asked extension of the agreement.

He said that during a recent inspection tour at Community Hospital, he had been told no indigent patients had been refused admittance because of crowded conditions, but that the county-owned hospital had 17 overflow patients from Mills on the day of his visit.

Declaring need was most urgent for hospital beds for paying patients, Edmonds suggested Mills retain the annex rather than return it to the county for indigent use after July 1.

The San Mateo County Medical Society last month petitioned the supervisors to extend time for use of the annex building by Mills. The new agreement calls for termination of the lease on 30 days' notice.

Edmonds also pointed out overflow patients from private hospitals are charged $5 per day for rooms at Community, and that the rate was, according to Community officials, losing money for the county.

The supervisors requested the health department to determine cost so that a new rate might be established.

During the afternoon session, the supervisors:

1. Authorized transfer of $4280 from the general fund to the health department to pay expenses of 15 tuberculer patients who were "boarded out." Supervisor Alvin S. Hatch said crowded conditions at Canyon Sanatorium necessitated hospitalization of the patients at a Belmont sanatorium.

2. Approved, without protest, the salary ordinance which establishes 60 new full-time positions, adds 100 per diem employes, and will, as it now stands, add nearly half a million dollars to the new fiscal budget. Supervisors indicated a number of positions will be slashed when appropriations for the 1946-47 budget are considered. Yesterday's action carried no monetary appropriation.

3. Directed the county clerk to communicate with the War Assets Administration concerning possible acquisition of the Half Moon Bay flight strip. Supervisor Edmonds said he favored county acquisition unless it would involve a "financial burden."

The board continued until its next meeting action on:

1. A letter from the San Mateo County Employes Assn. protesting waiving of the residential requirement in coming civil service examinations. The association also objected to the Civil Service Commission announcement that permits outsiders to take promotional examinations.

2. Letters from eight agencies asking the county ambulance service be continued. The letters will be considered when budget appropriations are discussed, supervisors indicated.

Greyhound Buses In Two Accidents

Pacific Greyhound Lines buses figured in two accidents Tuesday in Redwood City.

A bus driven by Mildred A. Carr, 36, 282 23rd Ave., San Francisco, struck Gertrude Brodie, 219 9th Ave., San Mateo, on Brewster Ave. west of Perry St., causing the pedestrian to suffer a sprained wrist.

At 6:40 p. m. a bus driven by Robert R. Hensley, San Francisco, collided with an automobile driven by Francis A. Raymond, 41, Burlingame on Brewster near the Greyhound depot.

'Bud' Thorpe Appears Set For Judgeship

W. H. (Bud) Thorpe today was apparently on the inside track for the post of Redwood City police judge. The position will not be open until July 1 when E. I. McAuliffe resigns to become San Mateo County's first full-time justice of the peace, and City Mgr. E. W. Blom has refused to say who will fill the post.

However, it was understood in political circles today that Thorpe who is now serving as assistant district attorney would be given the new position. It was noised around that Harold F. Anderson, former councilman, has withdrawn his name for consideration, leaving Thorpe in the leading position.

Blom will fill the post by appointment under provisions of the city charter. It was apparent today, however, that he will fill the post with lots of advice from city councilmen.

Thorpe, a police sergeant on leave, has been at the district attorney's office since Mar. 1, 1945.

PUBLIC NOTICE

Rowland R. King, Esq.

NOTICE OF TIME APPOINTED FOR PROBATE OF WILL—No. 13033

IN THE SUPERIOR COURT OF the State of California, in and for the County of San Mateo.

In the Matter of the Estate of Alice Teresa Cooney, Deceased.

Notice is hereby given that Monday, the 27th day of May, A. D. 1946, at 10 o'clock a.m. of that day, and the Court Room—Probate Department No. 2 of said Court, at the Court House in Redwood City, in the County of San Mateo, State of California, have been appointed as the time and place for proving the will of Alice Teresa Cooney, deceased, and for hearing the application of Mary M. Burke for the issuance to her of Letters Testamentary thereon. Reference to said petition is hereby made for further particulars.

5-Day Week For Butchers Appears Set

Retail butcher shops in San Mateo, Santa Clara, Alameda and Marin Counties may eventually all be closed on Mondays but union and employer representatives will have to work out the arrangements separately for each county.

This was disclosed Tuesday night when a telegram from Milton Maxwell, president of the AFL Western Federation of Butchers was read at a meeting in Oakland of union and employer representatives from San Mateo, Santa Clara and Alameda Counties, convened to discuss the five-day week in union butcher shops.

Maxwell's telegram, according to Earl Schmidt of Burlingame, secretary of the Peninsula Retail Meat Dealers' Assn., stated that it would not be possible for the three counites to negotiate an agreement as a tri-county group. San Mateo County butchers are members of Local 516 of the AFL organization.

Schmidt said today that as a result of Maxwell's message, shop owners and butchers in the county will get together later this week or early next week to consider the agreement.

Originally, the plan called for a five-county agreement, with San Francisco County included, but negotiations in the Bay City are nearing completion and separate negotiations in the other four counties will open soon.

If the San Francisco plan is adopted in this county, butchers in all shops except chain stores will work a 40-hour week for the same pay they had previously received for 48 hours. Albert Hedrick, president of the local union; said today that despite some objection to a uniform closing day, he felt certain that employers would agree to close their shops Mondays.

Auto Firm Employe Breaks Three Ribs

Robert Rouis, 33, 1432 Jasmine St., San Mateo, suffered three broken ribs in an accident yesterday at the West Bay Motors, Inc., shop.

Rouis, an employe of the shop, was climbing a ladder, other employes said, when it fell over backwards. He landed on his back and was rushed to Palo Alto Hospital for treatment. His condition was listed as "good" at the hospital today. The accident occurred at 8:30 a.m.

House Hunters Still On the Prowl in R.C.

House hunters are still legion in Redwood City today, but L. M. Duncan, city building inspector, said that his records show that from V-J Day until Mar. 1 there were 171 dwellings completed within city limits.

Figuring three and a half persons per house, Duncan said that at least 599 persons were living in new homes. He said, however, that the demand is still great and contractors can't see an end to it.

Pvt. James Kane Stationed in East

Pvt. James Kane, who entered the army following his graduation from Sequoia High School in February, is now stationed at Ft. Monmouth, N.J., where he is receiving advanced training in the signal corps.

He was formerly at Camp Crowder, Mo.

Kane is the son of Mr. Ethel B. Kane, candidate for the post of county controller.

His brothers, Tom Jr. and John, have been honorably discharged

Only One Planting Needed Of Long-Harvest Crops

Vegetables which, once mature, can be harvested the rest of the season take less planning than the short-harvest items. You have only to sow them, or set them out at the earliest safe date, and be careful not to plant too much.

Take especial care with the greens—parsley, Swiss chard and New Zealand spinach—which are often overplanted. Instead of a row of each, to divide a row among the three will suffice for many families. All are among the richest of vegetables in vitamin A and should be eaten often, say nutritionists.

The time for planting all these crops is definite. Sow seed of the hardy ones just as soon as the soil can be prepared. Plants, even of the hardy ones, should not be set out until the danger of frost is over, and that is also the time to sow, or set out, plants of the tender varieties.

It is not so easy to determine how much to sow, because the harvest lasts from the time they are large enough to use, until frost kills the plants. This is an indefinite period, but will usually average about 12 weeks. To estimate the space sufficient to supply the table for this period multiply the figure given in column two of the accompanying table by 12, then again by the number of times per week the vegetable will be served on your table.

SOWING DATA ON LONG-HARVEST CROPS.

	Days to Table Size.	Grow for 4-Portion Serving.
HARDY KINDS:		
Broccoli	70	2 ft.
Celery	140	1 ft.
Collards	75	1 ft.
Kale	60	1 ft.
Leek	90	2 ft.
Parsley	70	6 in.
Parsnip	95	2 ft.
Salsify	100	2 ft.
Swiss chard	60	6 in.
New Zealand spinach	60	6 in.
TENDER KINDS:		
Cucumbers	45-70	1 ft.
Eggplant	90	1 ft.
Peppers	60-90	1 ft.
Tomatoes	60-90	½ ft.

To obtain the yields for tomatoes and cucumbers estimated in the table, both must be trained on stakes or fences, to reduce the ground space occupied. If vegetables are to be grown for canning, additional space must be provided. Where catalogues offer both early and late varieties of a vegetable, space should be divided between them, to get both an early harvest and the heavier yield which the slow-maturing kinds usually give

D. D. T. Saves Asters From Insect-Borne Disease

Thanks to the army insecticide, D.D.T., asters which once were rated among the three most popular flowers, may be on their way back to leadership this year. For years they have suffered from an insect-borne virus disease called aster yellows, which was carried from host plants by a pestiferous insect known as the leaf hopper.

This is a tiny jumping and flying pest which does not eat leaves, but drinks plant juices. No insecticide had ever been found which would control it, until D.D.T. was tried. When dusted on the plant, this new insecticide stays there until the insects, which swarm on the gardener's approach, come back to renew their feast. Then D.D.T. strikes them, through their feet, and soon there are no leaf hoppers.

The aster wilt, which is prevalent in some sections, has been overcome by breeding wilt resistant varieties; but against the yellows no remedy had been found, except to grow the flowers in a cloth house, or a high cloth fence, which would exclude the leaf hoppers.

Because the plants grow slowly, they are usually started under protection, to give an earlier harvest. But if you are willing to wait, more vigorous plants can be grown by sowing direct in the garden.

Their large flowers, many colors, and beautiful forms make asters one of the exhibition flowers, which are gorgeous enough to present the sort of spectacle that is required for a great flower show. They have all the colors except yellow, but a yellow blend is found in varieties of the California Sunshine and Princess types, which have crested centers surrounded by guard petals.

There are dwarf asters, which grow into bushes covered with small flowers, and single asters, in effect large daisies of many colors, which will be new to many gardeners. If you try asters this year, protect them from the leaf hoppers by regular dustings from the time they are a few inches high.

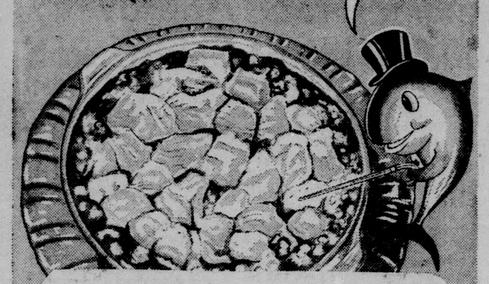
Biltmore Fancy . . . TUNA

Plain or Garlic Seasoned

No. ½ Can 28¢

TUNA CAROLINA . . . En Casserole



One can Tuna
2½ cups canned tomatoes
1 cup whole kernel corn
1 small onion, minced
2 tbs. chopped green pepper
¼ lb. mushrooms, sliced and sauteed, or 1 small can mushrooms
1½ cups cooked rice
2 tbs. melted butter or margarine
1 tsp. salt; few grains pepper

Drain tuna. Break apart in layers. Combine tomatoes, corn, onion, green pepper, mushrooms. Add salt and pepper. Mix rice with melted butter or margarine and season with salt and pepper. Grease open casserole. Put in a layer of buttered rice, a layer of vegetable mixture and a layer of tuna. Repeat until all is used. Bake in hot oven, 425° F., about 30 minutes, or until bubbly hot. Serves 4.
